Dear Student,

As you may know, Florida State University has a mission to empower students to make responsible decisions related to alcohol use. As part of our comprehensive alcohol prevention program, we expect each member of the first-year class to complete Alcohol.Edu.

The course has two sections, **both** of which must be **completed to fulfill this expectation**:

- Part 1 of the course takes approximately 1.5-2.5 hours to complete and we recommend that you take it in multiple sittings. This part ends after Survey 2 and the Exam. You must earn a grade of 75 or higher to pass and receive credit for the course. You may take the course multiple times.
- About **one month** after you complete Part 1, you will receive an email asking you to complete Part 2.

Please note that the course includes three surveys that help personalize your experience and measure students’ alcohol-related attitudes and behaviors. All survey responses are strictly confidential; FSU will only receive information about the student body as a whole and will never see individual students’ answers.
