Date: _____

Dear Student:

To request exemption from the Measles, Mumps and Rubella (MMR) vaccinations required for enrollment in the Florida State University, read and sign this form. Submit this form with the Student Immunization Record, waiving the Meningococcal Meningitis and Hepatitis B vaccines on the form by placing your initials and placing your signature in the spaces provided. Additionally, please include either a letter from your church or a personal statement (at the bottom of this form) stating your personal religious tenet.

I request that I be enrolled at Florida State University without the immunizations required by the Florida Board of Education and Florida State University. I understand the risks associated with failing to be immunized and request exemption from these requirements. I also understand that I may be excluded from attending classes or other activities at Florida State University for the duration of a vaccine preventable disease outbreak which can last up to 21 days after the last case is detected at Florida State University. I will not be offered any other vaccines that are currently available or may become available. Electing to receive other vaccines will negate my religious exemption status. I understand that I will have to receive all required vaccinations if my religious exemption is vacated.

I agree that I shall be solely responsible for any costs associated with my exclusion from classes or university activities. I am aware that should such exclusions affect my grades and attendance records, I will be ineligible to apply for either a medical course drop or medical withdrawal due to a situation or situations resulting from a vaccine preventable incident.

Students Name (Print)

Student Signature

FSU Student Number or Date of Birth

Signature of Parent or Guardian (If under 18)

Personal Statement:

Five horizontal lines for writing a personal statement.
